NOTE:

Monochrome prints, Colour prints, Nature prints, Mini prints and Open slides must be images that you entered in a club monthly competition in 2009. These entries must be the ACTUAL ENTRY exhibited previously, not one that has been altered.

Altered Reality prints and Nature slides can be any images that have not previously been entered in a club PASOTY. They may have been entered in a club competition (in an Open category) in 2009 but this is not compulsory because we did not have Nature slides or Altered Reality prints as separate competition sections in 2009.

Digital images must have been entered in one of the EDI rounds in 2009.
